```
program
       make withdraw:=
parameters: balance
body: return amount => {
                 if (balance >= amount) {
                     balance = balance - amount;
                     return balance;
                 } else {
                     return "insufficient funds";
```
