```
program
env  ──→   make_withdraw:=

parameters: balance
body: return amount => {
          if (balance >= amount) {
            balance = balance - amount;
              return balance;
          } else {
            return "insufficient funds";
          }
        };
```
